

Bar Room Buddies

Merle Haggard

Hey, I want to sing till the feeling gets right
Well, let's harmonize, we'll be dynamite
I'll yodel the high notes, I've done it for years
Good deal old buddy and I'll pour the beer

There's always some lady alone at the bar
Yeah and you always let her know just who you are
I know a couple gals that we can call down
They'll shake the pictures right all of the wall

We're bar room buddies and that's the best kind
Nobody fools with a buddy of mine
I'll laugh when you're happy and I'll cry when you're blue
We're bar room buddies and we're doing fine

So pour me another, we got nothing but time
Old chug-a-lug-a-lugging bar room buddy of mine
The bartender trying tot run out the lights
Well, maybe it is time we called it a night

Hall, we'll wake up the roosters if we drink them real slow
Well, let's have a double and a six pack to go

We're bar room buddies and that's the best kind
Nobody fools with a buddy of mine
I'll laugh when you're happy and I'll cry when you're blue
We're bar room buddies and we're doing fine

So pour me another we got nothing but time
Old chug-a-lug-a-lugging bar room buddy of mine
Hell we're skirt chasing, tail kicking guitar picking, pool hus
tling
Old chug-a-lug-a-lugging bar room buddy of mine
