

## More Than My Old Guitar

**Merle Haggard**

More than my old guitar  
More than my old guitar  
I love my old guitar like God loves the poor  
But I love you e-ven more

You know there's love in our family  
And not a lot of hate to ignore  
And love is for music and guitar for loving  
But I love you e-ven more

There'll be no need for saving  
If you knew what the Lord had in store  
What waits for after the mind can't imagine  
But I love you e-ven more
