```
There's this little girl and I think she's so fine And I'm not giving up until she is mine See I want to be her boy and I want her to be my girl Because since I've met her I been in another world
```

She was just my friend and now I want more
There's something special to her she's not just another whore I
said

```
What's D D D D Dillio Dillio What's D D D D Deal Deal (4x)
```

See everybody else has gotten involved That's not the way this should've evolved I should have just told you how I felt But when I'm around you my words just melt

She was just my friend and now I want more There's something special to her she's not just another whore I said

```
What's D D D D Dillio Dillio What's D D D D Deal Deal (4x)
```

She was just my friend and now I want more
There's something special to her she's not just another whore
She was just my friend and now I want more
There's something special to her she's not

```
What's D D D D Dillio Dillio What's D D D D Deal Deal (8x)
