B

Die, die, die my darling

F# F

Don't utter a single word

B

Die, die, die my darling

F# F

Just shut your pretty eyes

Es B

I'll be seeing you again

Es F# B

Yeah, I'll be seeing you in hell

F# C# C

So don't cry to me oh baby

B

Your future's in an oblong box

Don't cry to me oh baby

You should have seen it a-comin' on

Don't cry to me oh baby

Had to know it was in your power

Don't cry to me oh baby

Dead-end goal for a dead-end girl

Don't cry to me oh baby

And now your life drains on that floor

Don't cry to me oh baby

Die, die, die my darling

Don't utter a single word

Die, die, die my darling

Just shut your pretty mouth
