

## Ur Mixtape

Metronomy

A murder in the skatepark  
She was the most beautiful girl I've ever seen  
I acted a fool  
But introduced her to some cool music  
At least that's the way it seemed to me  
And after the drop phase  
I never heard from her again  
I guess it just wasn't meant to be  
Ten years later  
I was near Old Street  
And a strange ran right up to me  
He said  
You loved my sister  
I loved your mixtape  
So let's have a drink mate  
I loved your mixtape

I loved your mixtape  
I loved your mixtape  
I loved your mixtape  
I loved your mixtape  
I loved your mixtape  
I loved your mixtape  
I loved your mixtape  
I loved your mixtape
