

## Special

Mew

You're special  
You're like a rocket through me  
Ohh, you're special  
You're a rocket to me  
And I cannot this time

Agarina  
You can't say no  
Agarina  
This time you will go

You're special  
You're like a rocket through me  
Ohh, you're special  
You're a rocket to me  
And I cannot this time

There's a taste that you can't shake  
But you can't seem to let them go awry  
I know you're special  
You're a rocket to me  
At this surprised  
All the time

I know what you said to me  
And I don't care at the same time  
But I'll take you up and down  
Address it to you

You're special  
You're like a rocket through me  
Ohh, you're special  
You're a rocket to me  
And I cannot this time

There's a taste that you can't shake  
But you can't seem to let them go awry  
I know you're special  
You're a rocket to me  
At this surprised  
All the time

Agarina  
You can't say no  
Agarina  
This time you will go

I know what you said to me  
And I don't care at the same time  
But I'll take you up and down  
Address it to you

Honey bee  
I know what you said to me  
And I don't care at the same time  
And what do you stay to do?  
I saw the worst of you
