Time, Love and Tenderness

Michael Bolton

So you say that you can't go on Love left you cryin' And you say all your hope is gone And what's the use in tryin'? What you need is to have some faith Shake off those sad blues Get yourself a new view

Oh, nothing is as sad as it seems, you know 'Cause someday you'll laugh at the heartache Someday you'll laugh at the pain Somehow you'll get through the heartache Somehow you can get through the rain

[Chorus]

When love puts you through the fire When love puts you through the test Nothing cures a broken heart Like time, love, and tenderness When you think your world is over Baby, just remember this Nothing heals a broken heart Like time, love, and tenderness Time, love, and tenderness

I understand how you're feeling now And what you've been through But your world's gonna turn around So, baby, don't you be blue All it takes is a little time To make it better The hurt won't last forever

Oh, all the tears are gonna dry you know 'Cause someday you'll laugh at the heartache Someday you'll laugh at the pain You may be down on your luck But, baby, that old luck's gonna change

[Chorus]

Baby, oh baby you just need some You just need some Time, love, and tenderness Time, love, and tenderness The hurt ain't gonna last forever Time, love, and tenderness Time, love, and tenderness
