

When Love Is The Missing Word

Michael Cretu

Said I'd try to be alone
I didn't know my real inside
The sun went down,
I'm overflown by need

Can't find the time
I can't find the line
An' it brings me back to earth
I can hear what somebody's sayin'

When love is the missing word
Tell me where you go from here
When love is the second hurt tonight
Nobody can survive
When love is the missing word
Tell me where you go from here
Nobody could help me
For the time

One hurt I never knew before was
You're pushin' it too far
The second's been the feature
Of your mind

Can't find the time
I can't find the line
An' it brings me back to earth
Why is your treat to be unkind

When love is the missing word
Tell me where you go from here
When love is the second hurt tonight
Nobody can survive
When love is the missing word
Tell me where you go from here
Nobody could help me
For the time
