

## Cross Of Crosses

The Michael Schenker Group

What am I supposed to  
What am I to do  
Looking down I see theres something new

Hear the screams inside me  
I give them all to you  
In this pouring rain my words speak true

Bring me some salvation  
Holy waters heal  
My bodies destination  
A story to reveal

I feel a new sensation  
What's my crime to make you kill  
I didn't hurt anybody  
I can't make sense of what is real  
What kind of god would test me  
Turn his face and watch me die!

Wherever in my kingdom  
Wherever angels sing  
Think of me and let the voices ring  
You will share my body  
Drinking from my cup  
All I ever gave is what you got

Bring me some salvation  
Holy waters heal  
My bodies destination  
A story to reveal

I feel a new sensation  
What's my crime to make you kill  
I didn't hurt anybody  
I can't make sense of what is real  
What kind of god would test me  
Turn his face and watch me die!

I'll survive  
On the cross of crosses  
It's so surreal another time to die  
I'll survive  
On the cross of crosses  
A new born child will dare  
Where angels fear to fly
