

Setting Sun

The Michael Schenker Group

There's a way where we go
To take the longest road to find a way

Come on
Alright
Oh yeah
Right

It's hard to notice what is in the sky
When you're staring at the sun
It's hard to recognise what is passing by
If you're overlooking this chance

There's a way where we go
When we take the longest road
To find our destination
There's a way how to love
When you think you're almost done
Wanting fascination

There's a way how to love
When you think you're almost done
You've just begun

Okay
Alright
Come on
Hey

This misty morning I prayed the sun would rise
To light another day
Pretending once again I can take the skies
And hold on to the moon

There's a way where we go
When we take the longest road
To find our destination
There's a way how to love
When you think you're almost done
Wanting fascination

There's a way where we go
When we take the longest road
To find our destination
There's a way how to love
When you think you're almost done
Wanting fascination

Way where we go
When we take the longest road

There's a way where we go
When we're taking
There's a way how to love
Let's start making
