

Army of Hope

Michael Schulte

You're an army of hope
So skillful and brave
A soldier fighting for life and liberty
Turn around their knives
Cut through their rage, their rage
so easy

Open arms
You're all I'm thinking of, all I'm thinking of
You know I'd go to war with you
And fight your war with you
Until we fall

You take the blame
Crushing shields of hurt
Fighting out bullets in the air ohoh
But you got me dreaming of
A world filled with love
I follow you

Open arms
You're all I'm thinking of, all I'm thinking of
You know I'd go to war with you
And fight your war with

Open arms
Open arms

Open arms
You're all I'm thinking of, all I'm thinking of
You know I'd go to war with you
And fight your war with you

Until we fall
Until we fall
