

Babylon

Michael Schulte

You and I
Beat the drum
Walk the line
And battles we've won
Still by your side
Wherever you may run

Round and round we go
Long and windy road
We're still miles away
Time and time again
We reach the lowest point and then
You go and blow me away

Oh, we're dancing on
Take me down to Babylon
You can take me anywhere
Just as long as you are there
Oh, we're rising from
Runes that we stumbled on
Just take me down to Babylon
Just take me down to Babylon
Just take me down to Babylon

Oh, we're dancing on
Take me down to Babylon
You can take me anywhere
Just as long as you are there
Oh, we're rising from
Runes that we stumbled on
Just take me down to Babylon

We collide
Going down
But in time
We are lost and found
To be here
Is everything that counts

Round and round we go
Long and windy road
We're still miles away
Time and time again
We reach the lowest point and then
You go and blow me away

Oh, we're dancing on
Take me down to Babylon
You can take me anywhere
Just as long as you are there
Oh, we're rising from
Runes that we stumbled on
Just take me down to Babylon
Just take me down to Babylon
Just take me down to Babylon

Oh, we're dancing on

Take me down to Babylon
You can take me anywhere
Just as long as you are there
Oh, we're rising from
Runes that we stumbled on
Just take me down to Babylon
