

My Love

Michael Schulte

I cashed in Sunday morning
Missed my train, brand new story
My love, oh my love

Rain drops just keep on falling
Wet clothes but I'm still calling
My love, oh my love

She says my heart it hurts
Don't be long, don't play around with my heart
Oh yes, I promised you, time will fly
It'll be alright, it will

Say, you got me going crazy
You're the one that I love
My love, my love
You're the one that saved me
And I own you my heart
My love, my love
Is my love
Is my love
Is my love
My love, my love

I'll write you every day
But these words won't write the way
Yes I want to say it, it's just not the same

My heart it hurts
Don't be long, don't play around with my heart
Oh yes, I promised you, time will fly
It'll be alright it will

Say, you got me going crazy
You're the one that I love
My love, my love
You're the one that saved me
And I own you my heart
My love, my love
Is my love
Is my love
Is my love
My love, my love

You got me going crazy
You're the one that I love
My love, my love
You're the one that saved me
And I own you my heart
Cause you're my love, my love

Rain drops just keep on falling
Wet clothes but I'm still calling
My love, oh my love
