

# Soul Traveler

Michael Schulte

Another fortress taking by storm  
Another plan for tomorrow  
You can't stop fighting  
It is such a competitive world  
Though it's meant to be wonderful

How long your soul needs traveling?  
How long, how long?  
And how long your hands keep shivering?  
How long, how long?

When life tricks you down  
When it's tough to get rid of your fears  
Only shadows around, round, round  
Soul traveler, where do you go?  
Soul traveler, where do you go?

You've come a long way but never got through  
You're still in chains of illusion  
You want to stop to make all the difference  
But you can't, can't, can't

Hold on for change of sincerely  
Hold on, hold on  
Just hold on, lean back, it's plain to see  
You're caught in a treadmill

When life tricks you down (when life tricks you down)  
When it's tough to get rid of your fears  
Only shadows around, round, round  
Soul traveler, where do you go?  
Where do you go from here?

When life tricks you down (when life tricks you down)  
When it's tough to get rid of your fears  
Only shadows around, round, round  
Soul traveler, where do you go?  
Soul traveler, where do you go?

Where do you go?
