

# Billy Shakespeare

Mickey Avalon

I grabbed the mic like Kuroda Levera  
Drivin round town in a brown Riviera  
Making tear drops run through your black mascara  
When I catch the beat like Yogi Bear  
I'm a pimp, player like Darth Vader  
Blacker than the a pack of crows toeing the equator  
Life of the party with the party favors  
I'm the ad mother fucker and I'm running for mayor  
Corrupt as a politician fixin to vote  
I got the luck of the Irish but ain't one of them folks  
I'm be Billy Shakespeare straight spittin them quotes  
About your mom and your sis cause I'm banging them both

I said fuck you  
You just a little bitch  
You been suckin too many dicks  
And when I'm done makin all my cash  
I'm gonna come back around and straight beat your ass  
I said fuck you  
You just a little bitch  
You been suckin too many dicks  
And when I'm done makin all my cash  
I'm gonna come back around and straight beat your ass

I'm always crashin my whip like princess Diana  
Sniffin more blow than Tony Montana  
LSD in my silk bandana  
Got me frying balls at the Copacabana  
I'm a true hustler, like Colonel Mustard  
Candlestick dick in the hall mother fucker  
Rollin on bows in my solid gold dusta  
I got crazy game and I'm smooth like butta  
Pull up in a white limousine, bumping the kinks  
Cause the party ain't startin til the skinny dude sings  
I'll be Sammy David's Jr. straight doin my thing  
Chillin with Frank Sinatra at my crib in palm springs

I said fuck you  
You just a little bitch  
You been suckin too many dicks  
And when I'm done makin all my cash  
I'm gonna come back around and straight beat your ass  
I said fuck you  
You just a little bitch  
You been suckin too many dicks  
And when I'm done makin all my cash  
I'm gonna come back around and straight beat your ass
