

Sticky Mickey

Mickey Avalon

Mickey's always making a sticky situation
Mickey, why you making a sticky situation
If my mom and pop ever find out
They gonna scream, they gonna shout
Everyone's always talking about how
Mickey's always making a sticky situation

Beep beep, three on the dot
But naked in the parking lot
Now we ain't going to the candy shop
Burning rubbers at the make out spot
Cause I like the way you make it hot
And I love to watch you take it off
The window's steaming and she screamed don't stop
It's a little bit scary when the cherry go pop

Sticky Mickey, why you get me
Stuck in sticky situations?
Sticky Mickey, whey you get me
Stuck in sticky situations?
If my mom and pop ever find out
They gonna scream, they gonna shout
Everyone's always talking about how
Mickey's always making a sticky situation

Kiss kiss, bitch tell me this
Loose lips, up next for this dick
Bang bang, let me make a wish
I seen men do strange things for some catfish
Now eat your dinner, eat your pork and beans
I eat more chicken any man ever seen
I'll be the sand man and enter your dreams
In my gray leather jacket and & tight blue jeans

Sticky Mickey, why you get me
Stuck in sticky situations?
Sticky Mickey, whey you get me
Stuck in sticky situations?
If my mom and pop ever find out
They gonna scream, they gonna shout
Everyone's always talking about how
Mickey's always making a sticky situation

White mustang, black mustache
I take ass, cash or your bus pass
Cause nobody rides for free
And u know that I know that u can't live w/out me
I love 'em and I leave 'em fast
And if she clean then she can clean her ass
Your dreaming if you think I'll pass
On spilling my semen on her face and back

Sticky Mickey, why you get me
Stuck in sticky situations?
Sticky Mickey, whey you get me
Stuck in sticky situations?
If my mom and pop ever find out

They gonna scream, they gonna shout
Sticky Mickey, why you get me
Stuck in sticky situations?
