

# Fate Strange Fate

## Middle Of The Road

We are not to contemplate  
The great, artful hands of fate  
Or what they easily do to us  
By the time their through with us

It's entirely up to fate  
Which hearts should a mother mate  
We may all think we do the choosin'  
But life just isn't so clear cut  
It's our fate

Let's leave it fate  
All of our lucky stars  
Lookin' and winkin'  
Every one of 'em thinkin'  
How in love we are

I'm thankful to fate  
Thankin' my lucky stars  
Oh, what it gives me  
Like my havin' you with me  
And the way we are

Many wish they could dictate  
Which course their life's gonna take  
We can't change what is written up, up-up  
We are at the mercy of  
Fate, strange fate  
Let's leave it fate  
All of our lucky stars  
Lookin' and winkin'  
Every one of 'em thinkin'  
How in love we are

I'm thankful to fate  
Thankin' my lucky stars  
Oh, what it gives me  
Like my havin' you with me  
And the way we are

Let's leave it fate  
All of our lucky stars  
Lookin' and winkin'  
Every one of them thinkin'  
How in love we are

I'm thankful to fate  
Thankin' my lucky stars  
Oh, what it gives me  
Like my havin' you with me  
And the way we are

Let's leave it fate  
All of our lucky stars
