Knife's Edge

Midnight Oil

On a knife edge razor day If you listen long enough they've got nothing to say

It's a time warp place don't change The rhythm of the night, the beating rain

You move fast to get off of that merry-go-round

There's one gun, probably more And the others are pointing at our backdoor

At the best hotel of all Put my name on the wall, put my bed on the floor

You get much less well it seems like more Heart's still sore

Word crimes Bitter lies Bitter crimes Government Lies
