

Cross the Country

Migos

Young rich nigga, riding round the city with the mac
Take a chopper, and a chicken, now what's the ticket
Whipping and breaking it, making it, taking it
Nigga they mistake me, think I'm selling that midget
Nah for real
What the fuck a nigga really wanna talk about?
You a bitch, we ain't got nothing to talk about
Shaking like a stripper, put that magic up in his mouth
Skippa Da Flippa, he told me weigh it up, and bust it down
Migo Jerz, whipping that lambo, now watch it swerve
J-1 got PT's, and sold that reserved
I'm a (Hot) Boy, so you know I gotta stay low
Quavo told me, trap on the block and bang 'em like OJ Mayo
You niggas are rookie but young Takeoff, I'm a vet
Set! Told me trapping and dabbing gon' get that pussy wet
No Crocodile Dundee, Stingray vet
Whatever I wanna do, I do it, Nike check
I'm a young nigga, with the rich nigga ambitions
At the Migo show, a nigga autographing titties
There's levels to this shit like Meek said
And you embarrassed to admit it
I don't want to kick it
After my show
The gangster-ist nigga, he looking suspicious
Walk right up on him, I'm pressing my nigga
And all he wanted was a picture
I used to smoke swishers, like a regular nigga
Now I'm a backwoods type of nigga
A nigga, he run up, tried to rob, I shot him
White people, they still treat me like I'm a victim
Now people they screaming out "Free Activis"
They talking bout that Activis be discontinued
Kept my cup of muddy trouble, trapper, got packs in the attic
Kept me 'round, with pricing my rental
Trap, trap down when I'm on the revenue
Cooking a brick, and remix it with the dog food
Diamond brick with a note on it, nigga you Blues Clues
24 karat my time, Mr. T, pity a fool
Master P, no limit, money been all jumping like a bungee
Kevin Hart, your money is too short, you too funny
Call me Takeoff Hugh Hefner, I got playboy bunnies
Fuck it, I beat it, she sucking me till a nigga be cumming

Cross the country
Cross the country
You ain't never been there to catch me
Cross the country

Cross the country
Cross the country
Coca leaves, and palm trees
We cross the country

Cross the country
Cross the country
She don't understand English, but she want me

Cross the country
Cross the country
I had to get a visa, cause I'm in and out the country

When you in the streets, you know you gotta make a name
I stole a mustang, drop top, no brain
Police had a nigga, cause they know I'm in the game
Taking pictures of a nigga, like a groupie, like a fan
On my first lick, only got a little bit of change
Thinking like Obama, something gotta change
Did a lot of dirt, I had to sit up in the chains
When I got outta jail, did the same thing
I spent that money, money, coming back like boomerang
Cocaine in her nose like a Sodom rain
My nigga be trapping the gas, propane
Hit the nigga with a chopper, nigga bang bang
I was getting money, way before the rap game
As a young nigga, used to wear the fake chain
They say that I'm ignorant, \$50, 000 on a chain
You know it ain't come from Johnny Dame
Fake watch, busta can't bust me, no lie
Walk at me with the fake jewelry, I got too much pride
They killed my nigga Pistol Pete, for a three-five
I pay the ticket, when are you gon' die
I'm in the kitchen, I be cooking crack pies
I got chickens in the trunk, you think I work at popeyes
The streets is a jungle, my nigga, you better survive
Getting married to the money nigga, that my bride
My diamonds gon' shine, might poke you in the eye
You selling by the ounce, my nigga, you just getting by
Put the birds in my hands, knows when's it gon' fly
Clack! Clack! Clack!
In the bushes like a spy
Nigga talking stupid, we don't let that shit fly
Talking crazy to the migos, boy you know we keep the fire
Got that chopper, flip a nigga like a domino
Young rich nigga, never made the honor roll
Hit his ass with the 4 4, make him fold
Chattahoochee river where that nigga body float
On the nation, my nigga we throwing up the Folks
She on a mission, trying to film me, better get your ho
Big bank, take little bank
Yellow diamonds on my rella like a moon cake
Two Glocks on my hip, like tomb raider
Arnold Schwarzenegger, turn into the terminator

Cross the country
My plug he in Wyoming
And the only time I pull up on you, if a nigga owe me
And the whole word know that a young nigga rap
But a pussy nigga better not provoke me
Came in the game with the formula, sold it
Now I gotta switch it up on you phonies
Pocket full of macaroni, mac-11, run up on you
All you can eat in my trap, like it's Shoney's
Rich Nigga Timeline
That's my motherfucking testimony
Out in the desert, got bricks in the donkey
Rich nigga, with a pot of gold, like a leprechaun
And I'm thinking 'bout moving to Babylon
My niggas collecting extortion funds
We built an empire like Megatron
QC the label

Migo the gang
Already told you
I want the M&Ms, fuck the fame
No shame in game, I'm a bull with the nine
Like Loul Deng, finna bang with the thing
Walking through the crowd, ain't gotta touch the chain
Get juugged, get capped, that's a part of the game
Squad shit
Oh no
I done rolled around the block and I don't see him
I paid a J \$200, just to hit me when he see him
If I was you right now, I wouldn't wanna be him
Caught him two weeks later in the club, with his mamacita
He had some jewelry on him, worth \$100, so I took it from him
Took the first PJ across the country, got too hot for a moment
They say he got work, now I own him
Now my squad, they going nuts, no Makonnen
In the players pad, at the Caesar's Palace
Out in Las Vegas, like I'm Roman
All types of euros and yen
I got money in Berlin
I told the Lord forgive me for my sins
Cause I don't wanna do it again
