

## Secret to Sell

Mikky Ekko

To hold hands  
We're so excited but so hot  
He took her finger moving slow  
In a room where no light happens  
So a candlelight cuts  
Waiting on food from another  
Wax under her favorite dress  
Yes, we already made a mess

I've got a secret to sell  
And it's breaking your heart  
And I'm wishing you well  
I've got a secret to sell (to sell)

True romance  
From a match in the sink of breath  
Feed off her like a drug she says the drug likes her

I've got a secret to sell  
And it's breaking your heart  
And I'm wishing you well  
I've got a secret to sell (to sell)

A kiss when I come undone  
But steady as the steadying sun  
I'm gonna lay down in the dark

I've got a secret to sell  
And it's breaking your heart  
And I'm wishing you well  
I've got a secret to sell (to sell)
