

# Lighter

Miley Cyrus

When we're driving  
You say you can go faster, and  
When we're singing to the radio  
You say you turn make it louder  
And you roll another one  
You wanna get higher, and  
When I need the fire  
You're always my lighter

When we're rolling  
You always put your feet on mine, and  
And when I'm running late  
You always remind me of the time  
When I'm feeling low  
You lift me to the moon and back  
Back into your arms, I won't let go  
Until I know how much you really love me, baby

I see a light

And I've heard we never truly see ourselves  
You gotta leave it up to someone else  
To know how beautiful you really are, baby  
We never get to see ourselves  
Sleeping peacefully next to the ones that we love  
We never see us cry, when someone dies, see us cryin  
Someone new was born, baby

When we're driving  
You say you can go faster, and  
When we're singing to the radio  
You say you turn make it louder  
And you roll another one  
You wanna get higher, and  
When I need the fire  
You're always my lighter

I see a light coming towards me  
Moving slowly, but coming quickly  
At the same time, I think it represents  
What's going on in my mind, when  
We're together, everything is so sweet  
There's nowhere in the world I'd rather be  
As long as I've got you, and you've got me, baby  
I could leave you, I don't need nothing but you  
When you're starting out beyond just us two  
Forever gets complicated  
It don't have to be that way, baby

I see a light coming towards me  
Moving slowly, but coming quickly  
At the same time, I think it represents  
What's going on in my mind (8x)
