

He's Angry

Ministry

I know someone who thinks he's right
He can't stand it, he wants me to fight
Bible in one hand, ready to strike
Burning those records by candlelight

He's angry
Out of his head
Stop this music before we're all dead
Full of rage
Out of his mind
Our youth culture is on the decline

Sex and drugs are taking their toll

Leading us closer to losing control
Well you know and I know that ain't right
Some of these people are really uptight

I know someone who thinks I'm wrong
Telling me I can't sing my song
Singing and singing 'til the break of dawn
You tell me if I'm doing this wrong
