

# You Take My Breath Away

Minnie Riperton

A tree, a rock, a cloud, a sky blue day  
A bird in flight, the night, the milky way  
Beta gammas, silk pajamas, sunday mornings  
You take my breath away  
You take it away

Hello, good-bye, a sign that I love you  
A runny nose, a rose, the ocean blue  
Children playing, people praying,; hallelujah  
You take my breath away  
You take it away

Sunny days, soft rain falling  
Crystal bells I love to hear ring,  
Summer days, blue birds calling  
Don't look now, but love's around to stay

A tear, a smile, a laugh along the way  
The world at dawn, a song, the month of may  
Woody herman, ethel merman, stevie wonder  
You take my breath away  
You take it away
