

Deep Blue

Miracle Of Sound

Dive into the ocean's hope
At the fading of the day
Aquatic kaleidoscopes
See the colours sweep and sway

Down in the deep deep blue
Rebuild my world anew

Waves keep on washing over me
Swim out, swim out
Glide into the open
Cool are the currents of the sea
Swim out, swim out
Deep into the ocean

I carry the means to mend
Amid the fathoms and the foam
This ocean it has no end
And I'm a long long way from home

Down in the deep deep blue
Rebuild my world anew

Waves keep on washing over me
Swim out, swim out
Glide into the open
Cool are the currents of the sea
Swim out, swim out
Deep into the oceans

The silence of the deep
What secrets does it keep?

Waves keep on washing over me
Swim out, swim out
Glide into the open
Cool are the currents of the sea
Swim out, swim out
Deep into the ocean

Wash over me
Out into the open

The silence of the deep
What secrets does it keep?
