

Man And Machine

Miracle Of Sound

Mind

From the circuits of man
Aspire to break and to batter

Force

Experience

Hardwired to shake and to shatter

Onto the burning frontiers now deploy
Titans of industry built to destroy

Bring on the burn!!

Bring on the burn!!

Brace and return!!

The synergy of man and machine
The symmetry and connections between
The power and the pace
To dominate your space
Get out and wipe your rivalries clean
Through man and machine

Speed

And nimble stride

Burning blur of the acceleration

Brawn

And hardened hide

Brute force complete domination

And through the smoke of contention they roam
And now they're bringing the future back home

Bring on the burn!!

Bring on the burn!!

Brace and return!!

The synergy of man and machine
The symmetry and connections between
The power and the pace
To dominate your space
Get out and wipe your rivalries clean
Through man and machine

Bring on the burn!!

Bring on the burn!!

Brace and return!!
