

Road Rage

Miracle Of Sound

I can hear the drums in the distance...
Discord on the air
I can hear the drums in the distance...

WITNESS!!!!

Nitro
Burnin' in the brain ya got a face of glowin' chrome
Mindfucked
Speedin to the rhythm of the thunder in your dome
Road rage
Heavy metal engines rumble, thunder, roar
Red riff
Strikin up a chord to the drums of bloody war

Off the course!!

I am the fury and the force
I am the river and the source
Behold the cerberus!!!
Guns and gas and gods!!

Seeds of redemption we sow
On softer soil may they grow

Fury under the hood
The charge of motherhood
I will never be slowed, will not be caged
Fury under the hood
The charge of motherhood
I will redden the road, release the rage!!

Discord on the air
I can hear the drums in the distance...
Bedlam in the blare
I can hear the drums in the distance...
