1. Never thought I'd fall in love
Now I stand corrected
Never thought I'd feel what I feel
Never been so affected
Now I know what I know but right now
It seems so subjective, oh oh

As**B Cm**

X: You surprised me, hypnotized me

Eb**As**

Found my weakness, then you creeped in

As**B Cm**

To my heart then, oh you started

Eb**G**

To make my whole world just explode

R: Bam, my life has changed

Eb

With these walls around me
Boys will take me out
But bring me back where they found me
And there's no harm, no foul
Cause they never got a chance to know me, yea yea

R: Bam, my life has changed...

As**B****Cm**

Eb**As**

To find your smile, I would

You know I would, babe

As**B****Cm**

And if you took a trip to Costa Rica

Eb**C**
