Over You

Miranda Lambert

Weatherman said it's gonna snow By now I should be used to the cold Mid-Februray shouldn't be so scary It was only December, I still remember The presents, the trees, you and me

But you went away How dare you I miss you They say I'll be ok But I'm not going to ever get over you

Living alone here in this place I think of you and I'm not afraid Your favorite records make me feel better Cause you sing along with every song I know you didn't mean to give them to me

But you went away How dare you I miss you They say I'll be ok But I'm not going to ever get over you

It really sinks in, you know, when I see it in stone

Cause you went away How dare you I miss you They say I'll be ok But I'm not going to ever get over you
