

Last Night I Saw You

A **D** **A**
1. Last night I saw you standing there
D **A**
Talking to the other guy
A **D** **A**
Trying to pretend that I don't care
D **E** **A**
But then I'm on the way and cry
A **D** **A**
Remember the words you've said before
D **A**
And it was a long ago
A **D** **A**
Just you and me for evermore
D **E** **A**
Baby, won't you try to show

2. Last night I saw you standing there
And you let to hold you tight
Trying to pretend that I don't care
I couldn't get asleep all night
Love used to try a telephone
I've done it hundred times before
They always say you are not at home
But I don't want you waiting for

Last night I saw you standing there...
Last night I saw you standing there...
