

## Let's Make A Summer

Miro Žbirka

let's make a summer one another now  
sunlight and seashore only guides know how

i'm shy but you are laughing  
i am crying that you are going away  
my darling let's make a summer now

i'm shy but you are laughing  
i am crying and you are going away  
my darling let's make a summer now

my darling let's make a summer now

i'm shy but you are laughing  
i am crying that you are going away  
my darling let's make a summer now

i'm shy but you are laughing  
i am crying and you are going away  
my darling let's make a summer now

my darling let's make a summer now
