

## Dissent Part 2. Exception To The Ruled

### Misery Index

Blood Encrusted Eyes  
Staring Out In Space  
The Revolution Mind  
The Overbearing Thought That I  
Am Dying In This Place  
Alone Within The Crowd  
This Never Ending Race  
A War Comprised Of All Against All

A Burning Awareness I've Been Deceived  
A Life Lived Out Crawling Here On My Knees?

Born In From The Outside  
My Conscience Will Not Let Me Breathe  
Have I Sacrificed My Last Hope  
That Something In This World  
Is Worth More Than Money Or The State  
'Cause The Hate In My Heart Will Never Wait

All-Observing Eyes, Watching From Above  
Big Brother To Us All  
Explain Away The System's Faults  
You'd Never Last A Day In My Battered Boots

Bursting With Tension My Work Is Done  
One Day Here Too Many A Call To Arms

Challenging This Order  
The Voice Of The Voiceless Unchained  
I Will Vomit On Your Pompous Morals  
I'm The One You Nailed Down  
Abstainer, The Slayer Of Deceit  
And I Am Back For My Feast

Words Are Buried, Suppressed And Contradicted  
Tongues Are Muted, Dislodged And Diluted

Dissenting, Alive  
A Traitor You Can Only Hope To Be  
You'd Deny My Right To Shove It  
Back In The Face Of The Master?

So I Present This Drastic Declaration  
We'll Send This Shit Upon Its Way  
Burn All Flags And Burn All Nations  
And Live Your Life In Your Own Way
