

Rat Piss

Mistress

Lay down with stinking dogs fucking
In oiled shit let sleeping Gods fry
Lung butter and bad soul cancer
Rat piss and wipe out the sky

Rat piss

Pick the blister, she's fucking pneumatic
Bathe in piss and lick yourself clean
To some people, Tom Traubert's God
Piece of shit will soak up the sea

Rat piss

Ripping the shit, where's the cunt to rule?
When years of boredom lead to God reaver
No fucking point, it's all been done before

Light the blue touch paper and retire
Listen to me kid, you're just something to eat
Just drink the rat piss, eat rat shit and repeat
