

Nowhere

MKTO

Breakfast in bed, bacon and eggs
Well done, head, well done
She keeps me fed
Breast and some legs
Well done, yea, well done

You go to work all day and I'll work my X-box
You wear yo high heels, I'm high scoring in my socks
You learn the right time to go buy me a new watch
You never asked for a key
So I never had to change the locks

You know what I like so give me what I want
And girl I'll never go nowhere
Give me love at night, love in the morning
And girl I'll never go nowhere

I know I may be askin for much
But baby I don't really care
I know I maybe sound a bit nuts
But girl I wouldn't go nowhere
Nowhere (nowhere)
Nowhere (nowhere)
Nowhere (nowhere)
Girl I'll never go nowhere

Under the sheets, 10000 thread
Go head, spending yo bread
You can't be beat
You're such a 10
Bakin brownies naked

You understand that I got other girls to call (you understand)
You never trip because I let you get involved (don't trip girl)
Take that company jet to that company island getaway (get outta here)
Spending company money, drinkin company champagne (spend it all)

You know what I like so give me what I want
And girl I'll never go nowhere
Give me love at night, love in the morning
And girl I'll never go nowhere

I know I may be askin for much
But baby I don't really care
I know I maybe sound a bit nuts
But girl I wouldn't go nowhere
Nowhere (nowhere),
Nowhere (nowhere)
Nowhere (nowhere)
Girl I'll never go nowhere

And you know what I want (you know)
You know what I like (what I like)
I will never stray, at the end of the day you gon do me right

Malcolm in the middle of your legs
Throw a party for me every day like squallay

Charging up the cards like a bull say ole
I pay? (no way), she pay? (okay)

You know what I like so give me what I want
And girl I'll never go nowhere
Give me love at night, love in the morning
And girl I'll never go nowhere

I know I may be askin for much
But baby I don't really care
I know I maybe sound a bit nuts
But girl I wouldn't go nowhere
Nowhere (nowhere),
Nowhere (nowhere)
Nowhere (nowhere)
Girl I'll never go nowhere
Nowhere (nowhere),
Nowhere (nowhere)
Nowhere (nowhere)
Girl I'll never go nowhere
