

Shoulda Known Better

MKTO

Don't know why I still pretend
Can't deny you always win
I shoulda known better
Let you slide into my head
Now we're right back here again
I knew I was gonna let you

I never thought I'd give in so easy
But baby, then you come over me
Try to resist your touch so dangerous
Body, body, your body, you put it down on me

I don't drink no more 'cause every time I do
I don't think before I end up calling you
I can't quit (Yeah), no oh
I been trying forever
I-I, I shoulda known better

I don't drink no more (Hey) 'cause every time I do
I don't think before I end up calling you (Calling you)
I can't quit, no oh
I been trying forever
I-I, I shoulda known better (Better)

Late nights ain't no good for me
Always end up at your place
I shoulda known better
Three shots in, I'm on my way
I should turn around, but it's too late
It's too late now, babe

But I never thought I
I never thought I'd give in so easy
(I never thought I'd give in)
But baby, then you come over me
(Baby, then you come over me)
I thought I'd resist your touch so dangerous
(Ooh, dangerous)
Body, body, your body, you put it down on me

I don't drink no more (No) 'cause every time I do
I don't think before I end up calling you
I can't quit, no oh (Yeah)
I been trying forever
I-I, I shoulda known better

Every time I try to give you up
All I think about is you, baby, my brain is stuck
How can I forget you, forgetting it ain't enough
Cause honestly, I never give you, I never give you up

Friends keep on dragging me to the club
All of them other girls, they ain't ever living up to your touch
Fly around the world, but no matter where I end up
(I shoulda know better)
You hit me in the heart like a suckerpunch

I don't drink (No) no more
I don't think before (Ay)
I can't quit, no oh
I been trying forever
I-I, I should known better

I don't drink (Don't drink) no more (No more)
'Cause every time I do ('Cause every time I do)
I don't think before (Before) I end up calling you (Calling you)
I can't quit, no oh
I been trying forever
I-I, I shoulda known better
I-I, I shoulda known better
