Mobb Deep

Uh huh  
Yeah, you know how it go, man  
Correct  
Facts  
You know how it go  
You know what I go through  
Yeah, yeah

Nigga, it's a war goin' down outside, it not safe  
If you want to feel safe, stay far, far away  
You look very uncomfortable, you a good kid  
Theodore Huxtable, I really do this shit  
It's violence going on out here, don't be a victim  
Sh-sh-shit on you like Pun, then light a doobie up  
I'm gettin' big air, Mercedes Benz 'copter  
Bitch meet me at the helipad hella fast  
I need a little bit of paradise, gimme some  
Do it how I like it with your heels on you pretty fuck  
Then I'm back out in the world to take what's mine  
I'm never done eatin', I'm hungry all the time  
My lunch is insatiable for all this fly shit  
Yeah, I be havin' all that, I like to buy shit  
The life we chose, the lifestyle of a tycoon  
Hardcore rap nigga, fuck school

Gimme all that  
May God bless me with the power to shine, my shit is all that  
Gimme all that  
My life is real dope, look at my things, listen to my songs, man  
Gimme all that  
Bitch bad as fuck, brain lit it up  
Drink, smoke, pills and a gun  
Gimme all that  
Quick and not slow  
Ain't fuckin' with it, nigga, if it's not about dough

Ask little mama who she feel the most  
But not now, let me finish gettin' out her throat  
You know why I smoke the sour to the fuckin' roach  
High as fuck ridin' up and down the fuckin' coast  
Watch the paper accumulate  
Anything less have a nigga out here losin' faith  
And I believe in the Higher when my feet was to the fire  
Mama love told me the Devil, yeah, he a liar  
And you don't get a motherfucker place for being kinder  
Before you know it, motherfuckers out here tryin' to line ya  
Hook sinker liner, you now eye-to-eye to  
You're heavily perspired, you about to expire  
Drama so off that you could set your clock to it  
Fuck what you heard about it, do it like I do it  
Tears to your eyes, eyes in fluid  
Violence music so dope that you could shoot it

Gimme all that  
May God bless me with the power to shine, my shit is all that  
Gimme all that  
My life is real dope, look at my things, listen to my songs, man

Gimme all that  
Bitch bad as fuck, brain lit it up  
Drink, smoke, pills and a gun  
Gimme all that  
Quick and not slow  
Ain't fuckin' with it, nigga, if it's not about dough  
Gimme all that  
May God bless me with the power to shine, my shit is all that  
Gimme all that
