

## Forever

Moby

Two simple places  
We wanted to go  
Two simple things  
You wanted to know

Everything around  
I could not see  
I wish I'd known  
How much you loved me  
Oh,  
we could feel this way forever  
[2x]

I watched the sun,  
cause it touches you while you sleep  
You gave me something,  
that I wanted to keep

I see you smile you smile like a little child  
And hold you crying when it all goes wild

Oh  
We could feel this way forever  
[6x]
