

# The Perfect Life

Moby

Oh  
We close our eyes  
The perfect life  
Is all we need

You open up when you had me in your hands  
Slipping far away with the world at your command  
You sing me to sleep and then you hit me awake  
It's a perfect life a perfect life

I only want to be here when you're by my side  
Oh I believe now I'll love you 'til I die  
You will sing me to sleep you will hit me awake  
In the perfect life the perfect life

Oh  
We close our eyes  
The perfect life life  
Is all we need

Little Mike he steps everywhere  
Knives in his pockets and bullets in his hair  
He has nothing to live for nothing left to say  
He's locking all the doors to keep the older wolves at bay

Spoons and foil are all he needs  
A bed and some china  
A lighter and some speed  
It will sing you to sleep it will hit you awake  
In the perfect life a perfect life

[Guitar solo]

Oh  
We close our eyes  
The perfect life life  
Is all we need

Oh  
It goes all night  
The perfect life life  
Is all we need

Oh  
We close our eyes  
The perfect life life  
Is all we need

Oh  
We close our mind  
The perfect life life  
Is all we need

The perfect life the perfect life the perfect life  
All we need
