Even Heaven Cries

Monrose

Ha, ha, ha, haa

There are times when you feel That you don't know where you fit in So, you hide what is real Even when it hurts to pretend To be the one that you think Everybody wants you to be No one sees

The one you really are But you don't have to hide your heart 'Cause nothing needs to change Sometimes it might seem hard And your whole world falls apart Just know that you when you feel that way

Even heaven cries, everybody cries It's okay to doubt yourself sometimes You don't have to be afraid of what you feel inside It's alright 'cause even heaven cries

When you look in the mirror And you don't see picture perfect What they say breaks your heart And makes you feel that you're not worth it What if this fear hides in tears Still play and make believe So no one sees

The one you really are But you don't have to hide your heart 'Cause nothing needs to end every way Sometimes it might seem hard Your whole world falls apart Just know that you when you hear the rain

Even heaven cries everybody cries It's okay to doubt yourself sometimes You don't have to be afraid Of what you feel inside It's alright, it's alright

No you're not alone don't be ashamed To let your feelings show, you should realize You're special, who you are In time you're gonna see, you're gonna see

Ha, ha, ha, haa

Don't you realize?

Even heaven cries everybody cries It's okay to doubt yourself sometimes You don't have to be afraid of what you feel inside It's alright, it's alright Tištěnoz pisnicky-akordy.cz Sponzor: www.s
