

Down In The Jungle

Monster Magnet

I feel like a ghost in my own life
The rumor promised to do me right, now
Who's life is that on my TV, yeah
Well that's the way it's supposed to be

I'm down in the jungle you're the fucking queen
I'm down in the jungle you're the fucking queen
I'm telling you baby you're the only fun
They gone and left the planet to the chosen ones

Look to the bottom there ain't no soul
And I'm in love with a big black hole
But I can dig it 'cause I'm a hound
We got the garbage as our playing ground

Well maybe in the future I can be your man
Well maybe if I fuck you I can hold your hand
I'm telling you baby you're the only fun
They gone and left the planet to the chosen ones

I'm down in the jungle you're the fucking queen
I'm down in the jungle you're the fucking queen
I'm telling you baby you're only fun
They gone and left the planet to the chosen ones

Thanks, you left me Dick, now I give it back
You can kiss my ass 'cause you're out of peace
While you whine and pray you give it all away
Now it's mine, all mine
Now it's mine, all mine

I'm down in the jungle you're the fucking queen
I'm down in the jungle you're the fucking queen
I'm telling you baby you're the only fun
They gone and left the planet to the chosen ones

I'm down in the jungle you're the fucking queen
I'm down in the jungle you're the fucking queen
I'm telling you baby you're the only fun
They gone and left the planet to the chosen ones

Gonna leave the planet for the chosen ones
Gonna leave the planet for the chosen ones
Gonna leave the planet for the chosen ones
Gonna leave the planet for the chosen ones
