## Medicine

## **Monster Magnet**

Place the stones in a circle of twelve Give my night to a brother of the bell Rise from the light that swallows me whole Dig yourself, dig yourself

Sun comes up one brave day
Foll of the cobra, dries the sweat off my face
Righteous meat, righteous town
Dig yourself baby, dig yourself baby

Down that medicine now, yeah baby Down that medicine now, my my my baby Down that medicine now, yeah baby Down that medicine now, yeah baby

Bitch got soul she bathes on time
The Lord got lazy took the world from behind
Life is sweet, sweet as hell
Dig yourself baby, dig yourself baby

Down that medicine now, yeah baby
Down that medicine now, my my my baby
Down that medicine now, yeah baby
Down that medicine now

Brother and sisters, let us make no mother fucking mistake Your violation will be televised baby Yeah, yeah, yeah, yeah, yeah, yeah

Bitch got soul, bitch got soul Bitch got soul, bitch got soul
