

## Boogie

## Monster Truck

You got me under your spell.  
Every inch of that body,  
I wanna know it well.  
You get right under my skin.  
I wanna be with you baby  
come on and let me in.  
Oh let me assure you,  
I'll give you all that you need.  
Ya I'll be your captain  
fulfill all your fantasies.  
I'm bad, but baby I ain't mean.  
I have seen you before,  
I wanna see you again,  
I wanna give you just a little bit more.  
You know my love is strong.  
Get back in my arms,  
right back where your body belongs.
