

In My Own World

Monster Truck

It's time to get it but I'll figure it out
Head underwater in this sea of doubt
I put it on, I put it on alright
I put it on, I put it on tonight

I'm in my own world, I don't wanna come out
I'm in my own world, I don't wanna come out
I'm in my own world, I don't wanna come out
I'm in my own world, I don't wanna come out

Leave me alone
I'm better by myself anyways
Leave me alone
Whoa!
Leave me alone
I'm better by myself anyways
Leave me alone
Yeah!

Risky business made a man out of me
I'm ready to be up entirely
I put it on, I put it on alright
I put it on, I put it on tonight

I'm in my own world, I don't wanna come out
I'm in my own world, I don't wanna come out
I'm in my own world, I don't wanna come out
I'm in my own world, I don't wanna come out

Leave me alone
I'm better by myself anyways
Leave me alone
Oh!
Leave me alone
I'm better by myself anyways
Leave me alone
Oh!

I'm better on my own
Just leave me alone
I'm better on my own
Just leave me alone

Leave me alone
I'm better by myself anyways
Leave me alone
Yeah!
Leave me alone
I'm better by myself anyways
Leave me alone
Yeah!
