

Undercover Love

Monster Truck

I keep it cool baby,
that's the name of the game I play,
you'll never know dear,
cause my eyes just won't give it away.
Oh we'll meet as friends,
then things will start to get heavy,
when I know you're ready,
I'll give it all I got.
Oh baby I'm under, I'm undercover.
I'm undercover for your love.
Let's take it easy,
no need to burn any bridges we've crossed,
cool it baby,
no chance to make up for time that we've lost.
Oh baby I'm under, I'm undercover.
I'm undercover for your love.
Now that I got you,
under the covers.
We'll make some undercover love
