

# Undone

## Monster Truck

There's a demon within  
And it's fighting my will to submit  
Like the purest of sin  
It gets into me like a prisoner in jail  
I've got the will to resist though time will tell if I can, yes  
it will  
Your feeling persists, and I'm dying here of brokenness

It's hot, I'm drowning  
I just feel so undone!  
Can anybody hear me?  
Feel so undone!  
Can anybody hear me?  
Oh, I'm

In this city of sin, how the hell am I gonna get back what's real  
When temptation lies at every turn, with every breath opportunity reveals  
I can't find my mark, its been taken from me, and lost its way home!  
It's been floating and dry, and I'm farther away from learning the cause, oh, yeah!

It's hot, I'm drowning  
I just feel so undone!  
Can anybody hear me?  
Feel so undone!  
Can anybody hear me?  
Oh, I'm

Undone!  
Can anybody hear me?  
Feel so undone!  
Can anybody hear me?  
Oh, I feel so undone!  
...
