

## Maze of Torment

Morbid Angel

Life betrayal - a warping rage  
Evil ripping caverns through your mind  
Immolation - in blood you've signed your soul away  
Sickening life ends but the horror has just begun  
Vultures moaning a funeral dirge  
Walls await to cradle you and rip your soul apart  
Incessant screams echoes through the maze  
Insanity approaches - imminent demise  
Maze of torment...  
Maze of death  
Stricken from the holy book deliverance to pain  
Effigy of jesus christ burning in your mind  
Voices cry out to bid you welcome  
Locked within the dungeons of darkness - no escape!!!  
Maze of torment...  
Maze of death  
Passing through corridors embedded with  
Scars of those who have gone before you  
And left their marks  
Warning comes to late to save you now  
Visions of suffering stab from the inside  
You pray for death  
Mourning does no good as you can only die once  
Souls are being raped by the maze  
Lost in these halls... endlessly  
Maze of torment...  
Maze of death
