

Too Extreme

Morbid Angel

Panic...

This is your one warning...

Pounding, pounding... You feel it
Burning, burning this lave
Scorching weakened hearts be troubled
They scream we're too extreme

We come to spread our insane
This doctrine chaos chaos
Demanding nothing less but to
Make you scream we're too extreme

Tu corazón latiendo
Te sientes el dolor
Deseo la locura
Tu gritas... Extreme!

Welcome to your new religion
We come collecting souls
You come to sing our praises
Together selfless

We are your new religion
No religion

Extreme!

De sud America
A puertas de oro athens
A la quema inframundo
Conmigo... Extreme

Visión sufrirá
Orejas derretirá
Bese su nueva creencia
Es nombre extreme

We are your new religion
No religion

You come to us in torment
And we make your bodies heave
Our sounds invoke your demon
Together too extreme!
