

Tell Me Why

Morgan Page

Say all of what I want to hear
Don't let me down my dear
Maybe we'll just let go and say God about
Tell me why
Maybe we'll just let go and say God about
Tell me why
Why you're looking out

Come on over here
No more talking
No more ending
Just keep on moving
Try transcending

Tell me why
Tell me why

Oh, I
Oh, I wish I could be the one
To lift you over this
Every hand I ward to you
Oh, I wish I could be the one

Tell me why
Why you're looking out
Why, Tell me why, why
Maybe we'll just let go and say God about
Tell me why
Maybe we'll just let go and say God about
Tell me why
