

# Tempted

Moroder Giorgio

Hands to yourself  
Undo your leather belt, you wear me out so well  
Get a prize on the shelf, and polka dot pastels  
Oh won't you kiss and tell me

Will you burn for me? Burn for me? Momma turn for me?  
I see my name in your lights  
Burn for me? Burn for me?  
Don't make me hurt like hell for your heaven tonight

(Oh, I'm) Tempted! And hungry for you  
To let your heart dance on my avenues  
(Oh, I'm) Tempted! It's physically cruel  
Watching you angels put on your red dancing shoes  
I'm tempted!  
I'm tempted!

Oh her blank birthday check  
Made out to Mr. Jones, I want your hearts on loan  
And with you if lost instead  
Until your naked bones, I see your evil clones, and

Will you burn for me? Burn for me? Momma turn for me?  
I see my name in your lights  
Burn for me? Burn for me?  
Don't make me hurt like hell for your heaven tonight

(Oh, I'm) Tempted! And hungry for you  
To let your heart dance on my avenues  
(Oh, I'm) Tempted! It's physically cruel  
Watching you angels put on your red dancing shoes  
I'm tempted!  
I'm tempted!

(Oh, I'm) Tempted! And hungry for you  
To let your heart dance on my avenues  
(Oh, I'm) Tempted! It's physically cruel  
Watching you angels put on your red dancing shoes  
I'm tempted!  
I'm tempted!
