

Take Me with You

Morphine

You want to begin again
Pretend you're innocent
If you believe, you can convince yourself
I'm sure you can convince yourself

This town never gave you much back
Just rumors and a whispering attack
This town is not your friend
Never mind the loose ends

Take me with you when you go now
Don't leave me alone
I can't live without you
Take me with you, take me with you when you go

And I don't care about
The things I leave at home
'Cause things can't really keep you company
When you're alone now

You want to burn your bridges?
I'll help you start the fire
You want to disappear?
I got the manual right here

You say you want my help?
I can't help myself
You want my help?
I can't help myself

Take me with you when you go now
(Take me with you, take me with you)
Don't leave me alone
(Don't leave me alone)
I can't live without you
Take me with you, take me with you when you go

Take me with you when you go now
(Take me with you, take me with you)
Don't leave me alone
(Don't leave me alone)
I can't live without you
Take me with you, take me with you when you go
(Take me with you, take me with you)

You want to begin again
Pretend you're innocent
If you believe, you can convince yourself
I'm sure you can convince yourself

Take me with you when you go now
(Take me with you, take me with you)
Don't leave me alone
(Don't leave me alone)
I can't live without you
Take me with you, take me with you when you go
Take me with you when you go now
