

## Can't Answer This

Morten Harket

Can't answer this  
What tomorrow is  
What I want with you  
What I cannot do  
I can't tell you why  
Can't look you in the eye  
But I know what's true  
As I watch the most beautiful morning  
And I cannot win  
And I cannot lose  
I will never be  
I will never be  
The way I am with you  
I will never be  
I will never be  
The way I am with you  
Can't answer this  
The weight behind a kiss  
Can't win this time  
But I know you're mine  
Take it off my hands  
Teach me how to dance  
Give it one more chance  
And I'm watching an early horizon  
As the sky turns blue  
I'm still here with you  
I will never be  
I will never be  
The way I am with you  
I will never be  
I will never be  
The morning has a different hue
